Returns Inspection Report

IR-2026-00008 | Return R108 | TechNova Ultrabook 14

Report ID	IR-2026-00008
Inspection record ID	8
Return ID	R108
Order ID	O108
Customer ID	C00108
Product	TechNova Ultrabook 14 (product P_R108)
Category	electronics
Inspection date	2026-03-07 12:00
Inspector	Tanvi Bhattacharya (WH-INS-053)
Site	Medchal Returns Centre, Hyderabad (TS)

1. Identification

Purchased serial (order line)	LT2044
Returned serial (unit received)	LT2044
Serial match	Yes

2. Timeline

Order date	2026-02-13
Delivered	2026-02-21
Return requested	2026-03-02 (9 days after delivery; within the 30-day electronics window)
Received at warehouse	2026-03-06
Return reason (recorded)	damaged
Price paid	INR 68,999.00

3. Condition summary

Product condition	damaged
Accessories expected	65 W USB-C charger, power cord, quick-start guide
Accessories complete	Yes
Defect verified	Yes
Inspection result	PASS

4. Findings

Serial LT2044 on the base label matches the order line for O108. Charger and power cord are present.

Keyboard damage: the keycaps for J and K are cracked, the right Shift keycap is missing, and the scissor mechanism under it is broken. In the key-matrix test, J and right Shift do not register. There is slight flex in the keyboard deck around the damaged keys. No liquid indicators are triggered.

All other diagnostics pass: display (no dead pixels), battery health 94% of design capacity, SSD SMART status OK, both USB-C ports, Wi-Fi and webcam.

Assessment: the damage is limited to the keyboard and top-case assembly. It is repairable by replacing the keyboard/top-case assembly (estimated 2.5 hours of bench labour). Condition: damaged; defect verified: Yes.

5. Recommended next step

Repair-and-resell is feasible: create a repair task for keyboard/top-case replacement under RFB-LT-2025-01, then regrade as refurbished. The request was 9 days after delivery, inside the 30-day electronics window. Refund value INR 68,999.00 is above INR 50,000 and needs returns supervisor and finance controller approval.

Result codes (SOP WH-INS-07): PASS = inspection protocol completed and claim-relevant findings are conclusive; FAIL = findings do not support the claim as stated; INCONCLUSIVE = findings cannot be confirmed without further verification. Product condition codes follow the warehouse grading scale (new, like_new, open_box, damaged, defective, unsafe, for_parts).
