Returns Inspection Report

IR-2026-00011 | Return R110 | HomeHive Air Purifier 300

Report ID	IR-2026-00011
Inspection record ID	11
Return ID	R110
Order ID	O110
Customer ID	C00110
Product	HomeHive Air Purifier 300 (product P_R110)
Category	home_appliances
Inspection date	2026-03-13 18:00
Inspector	Meenakshi Pillai (WH-INS-031)
Site	Uluberia Fulfilment Hub, Kolkata (WB)

1. Identification

Purchased serial (order line)	Not recorded
Returned serial (unit received)	Not recorded
Serial match	Not applicable (no serial recorded for this order line)

2. Timeline

Order date	2026-02-16
Delivered	2026-02-22
Return requested	2026-03-08 (14 days after delivery; within the 30-day home_appliances window)
Received at warehouse	2026-03-12
Return reason (recorded)	not_functioning
Price paid	INR 12,999.00

3. Condition summary

Product condition	defective
Accessories expected	HEPA filter cartridge (installed), pre-filter, remote control, user manual
Accessories complete	Yes
Defect verified	No
Inspection result	FAIL

4. Findings

Second inspection of the same unit for R110, done the same day by a different technician.

The unit ran continuously for 60 minutes, cycling through all three fan speeds and auto mode. It did not shut down and no E3 or other error code appeared. Air-quality sensor readings tracked the reference meter within tolerance. Motor current draw was normal.

Conclusion of this inspection: defect not verified (No). Result FAIL: the findings do not support the not_functioning claim.

This conclusion conflicts with the earlier inspection report IR-2026-00010 for the same return, which recorded an E3 shutdown in 3 of 3 cycles and a verified defect.

5. Inspector system note (verbatim from inspection record)

"Second inspection disputes defect; conflicting technician findings."

6. Recommended next step

Conflicting inspection findings. The two reports for R110 disagree on whether the defect is verified. Investigation case 4 (conflicting_evidence) is open. A supervisor should arrange an independent tie-break test (for example an extended run of 4 hours or more at mains voltage) before any refund or recovery decision.

Result codes (SOP WH-INS-07): PASS = inspection protocol completed and claim-relevant findings are conclusive; FAIL = findings do not support the claim as stated; INCONCLUSIVE = findings cannot be confirmed without further verification. Product condition codes follow the warehouse grading scale (new, like_new, open_box, damaged, defective, unsafe, for_parts).

Signed: Meenakshi Pillai, Uluberia Fulfilment Hub. This report records physical findings only; refund and recovery decisions are made by returns analysts under the applicable policy.
