4. Findings

The item was received in its retail packaging. The packaging had been opened and the contents show only light handling. Photographs of the item and packaging are attached to the inspection record.

The serial number on the unit (SN001145) matches the purchased serial on the order line (SN001145).

All accessories listed for the product were present.

Assessment: no defect was verified (defect verified: No). The findings neither confirm nor contradict the reason recorded on the return (not_as_described).

5. Inspector system note (verbatim from inspection record)

"Item matches the product specification; no defect found. Listing discrepancy referred to the analyst."

6. Recommended next step

No defect was verified. The stated reason (not_as_described) should be checked by a returns analyst against the order line under the home_appliances return policy. The request was raised 12 days after delivery, within the 30-day return window for home_appliances. Once cleared, the item is suitable for resale as new or open-box.

Result codes (SOP WH-INS-07): PASS = inspection protocol completed and claim-relevant findings are conclusive; FAIL = findings do not support the claim as stated; INCONCLUSIVE = findings cannot be confirmed without further verification. Product condition codes follow the warehouse grading scale (new, like_new, open_box, damaged, defective, unsafe, for_parts).
